

CO850B

**BATTERY OPERATED
CARBON MONOXIDE
ALARM**

The Dicon CO850B Carbon Monoxide Alarm is approved to BSEN50291, the latest and most rigorous of standards. It measures the concentration of Carbon Monoxide and sounds a loud alarm when a potentially harmful level is reached. The unique automatic self-test feature tests the sensor every month using gas. Changing the replaceable sensor after six years will give the alarm at least ten years life. The unit is powered by a 9 volt battery.

FEATURES

- Approved to BSEN50291 Licence No: KM57514
- 9 volt Battery Operated
- Visible and Audible 85dB Alarm
- Instant Test/reset Feature
- Unique Self-testing Sensor Using Gas.
- Replaceable Sensor Allows Ten Year Plus Life.
- Alarm and Fault Indicators
- 6 Year Comprehensive Warranty
- CE
